Product Change Notification

This is an announcement of changes to products that are currently offered by eGalax_eMPIA Technology Inc (EETI).

Type of Change:

☐ Datasheet	☐ Process	☐ Software
■ Material	■ Supplier	☐ Others

Implementation Schedule:

The change announced in this PCN will take effect from January 1, 2026.

Description of Change:

Due to our current cable supplier will cease operations in the second half of 2025, we have transitioned to a new qualified supplier who meets all requisite quality standards verifications. This supplier will oversee the production and delivery of the cables.

There will be no changes to the product's design, function, or performance. Minor differences in product appearance, such as color shade, labeling, or dimensional tolerance, may be observed with the supplier switch. These variations will not affect product assembly, usage, or reliability.

Affected Products:

4W/5W/8W Cable (Appendix A)
RS232 Cable (Appendix B)
USB Cable (Appendix C)
Y Cable (Appendix D)
I2C Cable (Appendix E)
Controller Cable (Appendix F)
PEN Cable (Appendix G)
Charging Stand Cable (Appendix H)

Customer Impact of Change:

No changes are required for the production process.

Starting from the implementation date of this PCN, shipments may utilize either or both of the qualified suppliers without any restrictions.

EETI CONFIDENTIAL

Components Appearance:

The total length of the cable remains unchanged.

Individual color shades and certain dimensions vary, but these differences do not affect the assembly or functionality of the product.

Qualification Test:

Inspection item	Result
Dimensional Inspection	No difference in total length.
Function Test	Pass
Material Verification (HSF)	Pass

Please contact your EETI representative should you have questions or concerns regarding this PCN within fourteen days. All changes described in this PCN will be considered as accepted after this period.
